The leases are agricultural leases, and as such the provisions of the Transfer of Property Act providing for registration of all leases of over a years duration. do not apply, unless by a notification they are made to apply to the locality in which the lands are situated ( See 117 of Transfer of Property Act ). No such notification has issued in Madras, and the leases need not therefore be registered, ~~in pursuance~~ under that Act.

Under the Registration Act also, [See 17 (d)] leases of immovable property from year to year or for a term exceeding one year are Compulsorily registrable, but there is a proviso that in any particular area, leases for a period not exceeding 5 years, and reserving an annual rent of over Rs 50/- may be exempted Asia Wayne, in Madras also such exemption has been notified ( notification of 30-5-1871, which is still in force in Madras)

Of the four leases sent up, three fall under the exemption, and do not require registration

Both the fourth which reserves an annual rent of Rs 60/- is compulsorily registrable. This defect may now be rectified, otherwise the document does not convey any rights, and no evidence will be admitted in Court to prove the claim, barring the written lease, which is inadmissible for want of registration.

Regarding the second point, there is no objection to a plain paper document, (except in the case of this one which is compulsorily registrable) as only penalty can be paid when it is to be tendered in evidence. But, it is better to have them on a stamp-paper, as execution of unstamped documents is liable to be treated as an offence under the Stamp Law. As the lands are situated in British India & the lessees reside there, and as such may have to be filed in the British Indian Stamp-paper is necessary.

K. H. Sey will explain.

I had a discussion with the member on the question involved.

The Supreme Govt can only legislate and impose its legislation on its subjects. Its laws can only apply to all persons & acts within its territory. [Maxwell on Interpretation of Statutes, p. 231, Ed 2]. The statutory power to assume management of the property of a mutt is given by Section 28 of the Mad Regn VII of 1913. The question is whether a British subject is bound by this Statute. Obviously it will not bind a person not residing within our territory. Hence any person against whom a suit may be filed for recovery of rent due on lands situated in British India, might with reason contend that he is not bound by this Act

NOTE—Contn. sheet

WD 0561—GPB—3750—1 § 22

Serial No.

Hence it is not advisable nor desirable to assume management of properties situated in British India.

The safest course is to apply to the Courts where the properties are situated for guardianship of the properties & administration the same. If it is thought that such a course involves unnecessary trouble & expenditure, the leaves for the present may be obtained in the name of the minor & the petition of the suit may be filed by him in his own name after he attains majority or by any one as his next friend before he attains majority. The Hungarian Commissioner may not interfere in the management of such properties

If Government do not desire to take the management of the --- properties outside Mysore (which are not many) then the question -- arises as to who should manage these properties as the Swamigalu being a minor is "incapable of managing the matha affairs."

SIR,

In continuation of this office letter C.No.803 of 23-24 dated 23rd February 1924 seeking instructions regarding the - - Management of the properties of the Sri Sivaganga Matha situated outside the Mysore State, I have the honor to state that the Government Advocate who was consulted by me in the matter has replied(vide copy of letter No.767 dated 24th April 1924 enclosed for kind perusal) that Courts in British India are not bound to recognize the Government of Mysore as the guardian of the property of the minor Swamigalu of the Sivaganga Matha and that the only way of securing legal recognition is to get somebody duly appointed as guardian of the property and as this a costly and laborious matter suggesting that in the circumstances of the case the documents may be got executed in the name of the minor Swamigalu with the Muzrai Commissioner as his guardian or in the name of the Agent as the nominee of the Government of Mysore.

Letter No.767 dated 24th April 1924 from the Government Advocate in Mysore, Bangalore to the Muzrai Commissioner in Mysore.

==========

With reference to your letter No.C.803 of 23-24 dated the 8th April 1924 I have the honour to state that Courts in British India are not bound to recognize the Government of Mysore as the guardian of the property of the minor Swamigalu of the Sri Sivaganga Matha, and that the only way of securing legal recognition is to get somebody duly appointed as guardian of the property.

But I do not anticipate any practical difficulty if the present Agent of the Matha can secure documents evidencing leases etc, in the name of the Muzrai Commissioner as the guardian of the minor Swamigalu. For purposes of filing suits in Civil Courts, even a private individual interested in the well-being of a minor can act as a next friend and difficulties arise only when moneys have to be drawn from the Court or a suit has to be settled out of Court. But as I am assured by the Agent that it is possible to secure documents in the name of the minor Swamigalu with the Muzrai Commissioner as the guardian or in his own name as the Agent of the Matha duly appointed by Government, I do not think there will be any difficulty. Securing orders from a competent Court appointing any Officer of Government or any individual as guardian will be a very laborious and costly matter and under the circumstances the best course appears to be to induce the constituents to execute documents in the name of the Agent as the Nominee of the Government of Mysore.

Sir,

With reference to
your letter no C-8239/23-24
25th may 1924 regarding
the Management of the
properties of the Sri Ranganatha
Matt situated outside
the Mysore State, I am
directed to state that, even
when the matt was under
Govt. management during

over.

the time of the last
Swamigalu it was only
the Mutt properties in the
Mysore State that were
managed and looked after
by the Govt and that the
Govt had nothing to do
with the properties of the
Mutt situated in British
India.

2. Even ~~Hanumappa~~ to state
that ~~the~~ Govt Cannot possibly
take upon themselves the
responsibility for the management
of the Mutt properties in
British India in view of the
practical and legal difficulties
of such an arrangement.
The responsibility of Govt
in the Mysore will therefore
be confined to the
management of the Mutt-
properties in the Mysore
State alone.

3. With regard to properties in British India it is understood that the Agent Ved: Venkatesa Sastry has prepared ~~has been instructed in the matter~~ undertakes to obtain the necessary lease deeds in his own name on behalf of the Mutt from the parties concerned. and in case the parties refuse to recognize his authority to obtain the rec: authority from the British Govt. such as the Mythri friend of the Maharajahs. He also undertakes to keep regular accounts of all Amts rec'd by him in respect of such properties outside the State and to pay over the Amts as they are rec'd by him to the Mutt.

for being credited to "Mutt funds in the same way as the receipts from the Malt properties within the State are dealt with.
This arrangement seems to be suitable and may be allowed to be adopted by the agent during the minority of the Nawab.
